

DIGITAL TRANSFER MEDIA FOR
SUBLIMATION PRINTERS

FOREVER
DIGITAL TRANSFER APPLICATIONS TECHNOLOGY

FOREVER has been developing transfer paper for color copiers and laser printers since 1989. We are one of the few real manufacturers in this industry and we offer ideal solutions for printing on all kinds of different materials. As one of the first producers, we also provide transfer paper for the white toner printers.

Our broad product range covers our customer needs on transfer paper for light and dark colored textiles as well as for hard surfaces.

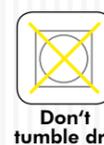

Our strength is research & development

We observe the market trends and develop the right products at the right time. One of the main reasons for our international success is "Product Consistency". With high-quality products we were able to win customers in more than 100 countries all over the world.

The name FOREVER has been chosen on purpose, reflecting the expectations we have on ourselves to develop superior quality products with permanent stability for the digital transfer printing industry.

OUR STRENGTHS

- Worlds Leading Transfer Media Manufacturer
- Innovative Products with Unique Selling Points
- Wide Product Range
- High-Quality Products
- Customer Training
- Technical Support
- Short Delivery Time

DIGITAL TRANSFER MEDIA FOR
SUBLIMATION PRINTERS

NEW!

FOREVER SUBLI-LIGHT (NO-CUT)

DESCRIPTION

The new 1-Paper System from **FOREVER** allows you to transfer powerful inks to white and light-colored fabrics. Use regular sublimation inks and transfer your image onto different surfaces within a few seconds.

PRINTABLE MATERIALS

White & light Cotton,
Mixed fabrics, Polyester, Silk, Wood

CHARACTERISTICS

- No Cutting, No Weeding
- 1-Paper Solution
- No Background
- Brilliant Colors & True Black
- Suitable for printers with Sublimation Ink
- High Stretchability

FORMATS

- Sheets:** • DIN A4 / DIN A3 / LETTER / TABLOID
Rolls: • 43cm x 25m (17.0" x 82ft)
• 61cm x 25m (29.5" x 82ft)

ITEM NUMBERS

PATENTED TRANSFER PAPER!

Sublimation on 100% Cotton?

Yes, it is possible. It even works on dark textiles. The unique characteristic of sublimation inks, which transform from solid to gas under heat influence, made the revolutionary FOREVER Subli-Flex products possible. The chemical composition of FOREVER Subli-Flex allows the ink to diffuse through a white opaque layer and sublimate into the upper transparent layer. This means, the actual sublimation process takes place between the different transfer paper layers. By using our *Matte Finish Economy* paper you can achieve a matte finish.

FOREVER SUBLI-FLOCK

DESCRIPTION

Printable flock material for printers with sublimation inks.

- Excellent opacity
- Can be printed directly or used with sublimation paper
- Brilliant colors and sharp results
- Material Thickness: 0.5 mm

PRINTABLE MATERIALS

100% cotton, 100% polyester and mixed fabrics

SIZES

Rolls: 50 cm x 25 m (19.7 in. x 82 ft)

PRINTING & CUTTING

Print the design and cut the outlines with a plotter.

CHARACTERISTICS

- Photo-realistic image quality in glossy or matte finish
- Wash fastness and color brilliance for professional expectations

ITEM NUMBER
