ARE YOU STILL CUTTING & WEEDING?

With Flex-Soft (No-Cut) you can create trending vintage looks, print ultra-fine text and single-color designs with detail, that you only know from screen printed designs.

This self-weeding vinyl alternative can be used with an inexpensive Standard Laser Printer as well as on your White Toner System. Enhance your system with fluorescent neon colors, shiny metallic and super-vibrant standard colors. You can also combine Flex-Soft (No-Cut) with Laser-Dark (No-Cut) LowTemp.

EXACT COST CALCULATION

The time involved in creating a Flex-Soft (No-Cut) design is always the same, regardless of how complicated the design is. This allows you to calculate your labor costs exactly, which changes dramatically (depending on the design) when compared to the regular Flex/Vinyl cutting & weeding process.

MAKE VINTAGE YOUR ADVANTAGE

Retro style is fashionable today like never before. Use this chance and create with Flex-Soft (No-Cut) complex vintage designs in just a few minutes. Of course without cutting or weeding. Available in standard, neon and metallic colors.
